Payments are due at the first class of each month. There are 4 payments in the Fall and 5 in the Spring. We calculate the tuition for the year and divide it by 9 payments. Fees are due for September, October, November, December, January, February, March, April and May. Even though the number of days is not the same, you pay the same amount each month. The entire month must be paid, even if the child is absent. We do not pro-rate. You may pay by the month, semester or entire year. A \$10 late fee will be charged if fees are not paid by the 10th of each month. If fees are carried over until the next month, you must pay by the 10th or your child will not be allowed to continue in classes.

Tuition Rates

To calculate your monthly tuition, add up the number of classes to be taken each month by using the numbers on the right hand column. Then, find your fees using the left hand column.
